Questions for Discussion and Meditation:

1. Which is stronger, the fear of dying or the fear of death? Is there a difference?
2. Does the concept of one day being free from the trials of this world (pain, sorrow, anxiety) change how you respond to suffering in the day-to-day?
3. Do you tend to think of death as temporary or permanent? How does the idea of death as a doorway change your perspective?
4. How can you practically orient your mind to focus on the joy that is coming to you in the next life in such a way that it alters how you live now?
